Araucaria Excelsa. NORFOLK ISLAND PINE.

ARAUCARIA EXCELSA.

As a decorative plant for the house this is one of the handsomest and most serviceable. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances; its symmetry of form, grace and beauty of foliage are unequaled in the vegetable kingdom. It is easily grown in the house and is highly ornamental. Our importation of these this year was exceptionally large and fine selected stock, especially in the medium size, for which there is always a demand. Price, nice plants, 12 to 15 inches high, 3 tiers, 75 cents each; \$9.00 per dozen; larger plants, 18 to 20 inches high, 4 and 5 tiers, \$1.00 each, \$12.00 per dozen.

ANTHEMIS CORONARIA SUPERBA—Double Golden Marguerite.

This plant may be well called the "Shower of Gold," as it is a perfect mass of rich golden-yellow flowers the whole year round, being equally useful in winter as in summer. With a few plants in fall one can propagate several hundred before spring. Price, 5 cents each; 50 cents per dozen; \$3.00 per 100.

ALOYSIA CITRIODORA—Lemon Verbena.

Indispensable for the delightful fragrance of its leaves in the construction of bouquets, etc. Price, 6 cents each; 50 cents per dozen; \$3.00 per 100.

ABUTILONS.

Abutilon—Golden Bells. (Golden Fleece.) A bright golden-yellow Abutilon of strong, vigorous habit and very free flowering. This is the finest yellow variety on the market and combines large size, fine form and depth of coloring. Price, 50 cents per dozen; \$4.00 per 100.

Boule de Neige. Pure white, bell-shaped flowers, blooming without intermission, either planted out or grown in pot. Splendid winter bloomer and best white on the market. Price, 50 cents per dozen; \$4.00 per 100.

Thomsonii Plena. Perfectly double flowers that resemble in form a double Hollyhock. Color rich, deep orange, streaked and shaded with crimson. Price, 50 cents per dozen; \$4.00 per 100.

Abutilon Souvenir de Bonn. It is a strong, upright grower, with large, bright green foliage, distinctly edged with a broad band of creamy-white and yellow. Flowers very large, on stems eight to nine inches in length. Color bright orange-red, very effective with its beautifully variegated foliage. Price, 40 cents per dozen; \$3.00 per 100.

Abutilon Savitzi. (New.) The best of all variegated Abutilons, forms a compact bushy plant, free from all trace or appearance of coarseness. Foliage bright pleasing green, broadly edged with white, producing a cheering effect when used with Cannas or other plants as an out-door bedder. The variegation is very much whiter than Souv. de Bonn, often the white predominating. This is really a beautiful plant and one of the finest variegated plants ever sent out. Price, 50 cents per dozen; \$4.00 per 100.

ABUTILON, SAVITZII.

ASPARAGUS

Asparagus Plumosus Nanus. One of the handsomest of our foliage plants. The leaves are a bright green, gracefully arched, and as finely woven as the finest silken mesh. Their lasting quality, when cut, is remarkable, retaining their freshness for weeks, hence it ranks as the most valuable plant we have for this purpose, surpassing Maiden Hair Fern in grace, fineness of texture and richness of color. It is one of the finest decorative vines recently introduced; by many florists it is used instead of smilax, as easily grown and very much more beautiful on account of its light feathery growth. Price, 50 cents per dozen; \$4.00 per 100; \$35.00 per 1,000; 3½ in. pot, 75 cents per dozen; \$6.00 per 100; stronger, \$1.00 per dozen; \$8.00 per 100.

Asparagus Sprengeri. Not only is it useful for cutting in sprays for fine cut-flower work, more particularly in connection with large roses, etc., but grown in suspended pots it makes one of the prettiest decorative house plants we know of. Used in decorations, as, for example, in the decorations of mantels, nothing can equal it. The most valuable florists' plant of recent years. The fronds are long and wiry, and for flat bouquets nothing equals it, for, while fleecy in appearance, in reality it is very stiff and forms an elegant support for flowers. It is also a handsome thing for ferneries and hanging baskets. See illustration on last page. Price, 50 cents per dozen; \$4.00 per 100; \$3.00 per 1,000; 3½ inches, \$5.00 per 100.

A good collection, containing the following sorts. Price, 40 cents per dozen; \$3.00 per 100.

Cope's Pet. A valuable new dwarf variety, producing bright blue flowers.

White Cap. New. It is, without doubt, the best white variety ever introduced.

Variegatum. Beautiful variegated leaves.

Tapis Blue. This is the best blue Ageratum for bedding, etc., yet introduced. Price, 40 cents per dozen; \$3.00 per 100.

AGERATUM PRINCESS PAULINE.

A most distinct and novel variety of dwarf, compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower; the body of the flower being white, while the stamens are of a light sky-blue, giving the flower a pretty variegated appearance. One of the most distinct new bedding plants that has come under our observation this season. Price, 5 cents each; 50 cents per dozen; \$3.00 per 100.

ACHYRANTHUS.

Indispensable for bedding purposes, either in massing or ribboning, their brilliant-tinted leaves forming a marked contrast with all other plants, being much harder than Coleus. They are considered preferable for massing and ribbon lines. Price, 60 cents per dozen; \$2.50 per 100.

ANTHERICUM VITATUM.

Folia Variegata.

A beautiful plant with recurved, graceful foliage, which attains a growth of about three feet. The leaves are dark green, beautifully marked with broad stripes and bands of creamy-white color. Price, 3-inch pots, 60 cents per dozen.

BROWALLIA GIGANTEA. (New.)

A charming new flowering plant that may be put to many useful purposes. The plant is a strong, compact, bushy grower, producing a profusion of florets about 1 to 1½ inches in diameter, of an intense indigo-blue, fully as intense as the Marie Louise or Californian violet. Flowers may be used with violets in design work as the colors are identical. Propagates easily. Strikes in brisk bottom heat. Price, 50 cents per dozen; \$4.00 per 100.

ASPARAGUS SPRENGERI.

THE PEARL ACHILLEA.

CLEMATIS PANICULATA.

One of the most beautiful of our hardy-flowering vines. The flowers are pure white, and are borne in great panicles or clusters of bloom. Price, 50 cents per dozen; \$4.00 per 100.

ACHILLEA—THE PEARL.**The Great Cemetery Plant.**

Its flowers are pure white, perfectly double, and produced in large sprays, making it one of the finest cut flowers for bouquets, vases, baskets, etc., or for any kind of decoration. For cemetery planting it is the most valuable of all flowers, as it is sure to thrive and bear its great profusion of snow-white flowers nearly the whole summer. Price, 50 cents per dozen; \$3.00 per 100.

BOSTON IVY.**(*Ampelopsis Veitchii*.)**

This vine also goes under the name of "Japanese Ivy" and "Boston Ivy." It clings readily to any surface, not even excepting glass, where it will spread its fairy-like tracery of infinite small leaflets and the accompanying circular suckers by which it is attached. The older leaves attain a moderate size. They are graduated down to very small ones. The texture is leathery and smooth. The foliage is closely overlapping, not a stem visible. Its color, very bright in Autumn, is a delicate green in Summer. Price, 50 cents per dozen; \$3.00 per 100.

FREESIAS.

We offer only the largest sized bulbs, which are by far the most satisfactory. Color, purest white with lower petals touched with yellow. This is fine stock and will be sure to give satisfaction. Price, 85 cents per 100; \$7.50 per 1,000.

ACALYPHA SANDERI.

Known also as Philippine Medusa or Chenille Plant (Comet Plant.) A sensational novelty. Silver medals have been awarded it at Boston and New York. Leaves are dark green, from the axil of which springs a long, drooping spike of glowing crimson-scarlet flowers, nearly an inch in diameter and from eighteen to twenty-four inches long, very velvety in texture, reminding one of a long piece of brilliant chenille. An exceedingly curious and interesting novelty; unlike any other decorative plant. This plant is never out of bloom. It is bound to have a large sale on account of its oddity and rarity. Price, 50 cents per dozen; \$4.00 per 100.

ACALYPHA TRICOLOR.

A beautiful plant, with large highly-colored leaves. Bright red, with blotches of crimson-bronze. See cut. Price, 5 cents each; 50 cents per dozen; \$4.00 per 100.

ACALYPHA MARGINATA.

Dark bronze, with rose-margined foliage. This variety equals the showiest varieties of Coleus in effect, and has besides a decided advantage over any Coleus—namely, to be harder and not liable to wilt in the hottest and driest weather. Price, 6 cents each; 50 cents per dozen; \$3.00 per 100.

ACALYPHA SANDERII.

ACALYPHA TRICOLOR.

New Otaheite Dwarf Orange.

Among the new varieties of oranges that have been recently introduced from Japan and other countries, there is one dwarf free-flowering variety, which is suitable for pot culture, and which with anyone proves one of the most desirable pot plants it is possible to possess. We refer to the Japanese Otaheite. While it will grow three or four feet high and branch freely, it is not an uncommon thing to see little cutting plants five or six inches high full of bloom, and even bearing one or two medium-sized oranges. The fruit at their best are not more than half the size of an ordinary orange, but are very bright and beautiful in color, delicious in quality; but it is for its flowers more than its fruit which commends it to general cultivation. When it blooms it is so full that it seems to be all flowers. The pure waxy-white blossoms emit a delicate yet powerful fragrance, which is surpassed by no other flower. Price, 2½-inch pots, 40 cents per dozen; \$3.00 per 100. 4-inch pots, 75 cents per dozen; \$6.00 per 100. 6-inch pots, large plants 2 feet high, \$1.50 per dozen; \$10.00 per 100.

It grows twelve to eighteen inches in height, branching freely and loaded at all times with clusters of bright, golden, star-shaped flowers, which do not close at night, like other Oxalis. The flowers are of a brilliant rosy-scarlet color, of a peculiarly distinct but most effective hue, about one and one-half inches in diameter, and are produced singly or in twos and threes from the axis of the leaves, especially toward the summit of the stems, but so freely that a well-grown specimen appears to be quite a ball of fire. ROSES

Teas, Hybrid Teas, Hardy Roses,
Climbing and Moss Roses.

WE make the growing of Roses a specialty, and, having large quantities of all the leading varieties, can always give low quotations and good stock. For Florists and Nurserymen who wish to buy in large quantities, from one to ten thousand or more, for bench and field planting, we can give special quotations.

Forcing Rose, Golden Gate.

It is a strong, healthy grower, excellent for both bedding and house culture. Produces a profusion of long, pointed buds, opening to very large double Roses of creamy-white, beautifully tinted with soft yellow at the base of the broad petals, which are exquisitely bordered with clear rose. We heartily recommend it. Price, 50 cents per doz., \$4.00 per 100; 4-inch, \$6.00 per 100.

Grand New Velvety Rose, Climbing Meteor.

All who know "General Jack" will call to mind its beautiful, high colored, rich, velvety-red buds and flowers. Climbing Meteor is the acme of all red Climbing Roses. It is a free, persistent bloomer and will make a growth of from ten to fifteen feet in a season; in bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for Summer blooming, as it will make a strong growth and literally loaded with its deep, rich, red flowers all the time. Its flowers are much larger than Meteor and are richer in color. It is just the Rose to train up the verandas or around windows, where its great beauty will show up to good advantage. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

Forcing Rose, Sunset.

A grand variety. The flowers are of large size, fine, full form, very double and deliciously perfumed; the color is a remarkable shade of rich golden-amber, elegantly tinged and shaded with dark, ruddy-copper. Intensely beautiful and resembling in color a splendid "After-glow." It is a constant and profuse bloomer. Price, 50 cents per doz., \$4.00 per 100; 4-inch, \$6.00 per 100.

Forcing Rose, The Bride.

This is decidedly the most beautiful white Tea Rose. It is a sport from Catharine Mermet, with which it is identical in growth and shape of flowers. The flowers are very large and double, on long, stiff stems, of fine texture and substance, and lasts a long time in a fresh state after being cut, making it one of the best varieties for corsage wear or bouquets. Price, 6 cents each, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

Forcing Rose, Bridesmaid.

This variety is grown so extensively now that it hardly needs description. It is a sport from the old standard, Catharine Mermet, and retains all the good qualities of the parent. It is a deep pink, about two shades deeper than C. Mermet. As a cut flower rose, it is cultivated more than any other. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

BRIDESMAID.

A PAGE OF GOOD FORCING ROSES.

Forcing Rose,

MAMAN COCHET.

One of the best new Roses. The growth is vigorous, with rich, healthy foliage. The extra large flowers are produced on long stems, are very double, and the buds and half expanded flowers are simply exquisite in their graceful form, delicate color and rich fragrance. The color is deep rose pink. Price, 50c per dozen; \$3.00 per 100; 4-inch, \$6.00 per 100.

The Beautiful White Forcing Rose,

WHITE MAMAN COCHET.

The finest rose of the year; like its parent the growth is vigorous with rich, healthy foliage, producing large, fine flowers of the purest white; in fact, it is an exact counterpart of the beautiful Maman Cochet and all who have tried it pronounce it the finest cut flower Tea Rose in existence. Price, 50c per dozen; \$4.00 per 100; 4-inch, \$8.00 per 100.

Crimson Forcing Rose,

METEOR.

A velvety red ever-bloomer, of the deepest glowing crimson. As fine as a Hybrid; flower of medium size, very double, and petals slightly recurving. A beautiful open Rose, a free bloomer and promising well as a pot Rose. It has no tinge of violet or purple to mar its beauty. It promises to be a reliable ever-bloomer, free from bad qualities. The best rich red Rose that was ever introduced for florists' use. The usual demand for this forcing Rose has caused us to grow them in large quantity, and we offer them in two sizes. Nice, strong 2½-inch pots, 6 cents each, 50 cents per dozen, \$4.00 per 100; 4-inch, \$6.00 per 100.

Forcing Rose,

Kaiserin Augusta Victoria.

See illustration on page 1 cover.

This beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again, we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open. Color a pure snowy-white. Price, 50 cents per dozen, \$4.00 per 100; 4-inch, \$8.00 per 100.

Forcing Rose,

Perle Des Jardins.

Canary or golden yellow flowers and beautifully formed. Handsome in every stage of development, from the smallest bud to the open flower. Price, 6 cents each, 50 cents per dozen, \$4.00 per 100; 4-inch, \$8.00 per 100.

Climbing Perle Des Jardins.

Few Roses have as firm a hold in popular favor and are so highly prized by the professional and amateur rose growers alike as the Perle des Jardins. It is not only admirably adapted for forcing, but thrives well in the open air, blooming freely in either case. Its large, full, well-formed, golden-yellow flowers, borne on stiff stems, makes this variety especially desirable for bouquets and artistic floral decorations, while the dark and glaucous foliage of the plant furnishes an excellent setting for the fragrant, delicate hued blossoms. Hardy South. Price, 50 cents per dozen, \$4.00 per 100; 4-inch, \$8.00 per 100.

The Great Forcing Rose,

Catherine Mermet.

A beautiful, clear, rich color, with the same silvery luster seen in La France. Large, well formed. Very beautiful in bud. One of the most popular Roses for cut flowers. Price, 6 cents each, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

White Tea Rose,

Marie Guillot.

Perfection in form; flowers large and double to the center. This variety holds first place among white Tea Roses in purity of color, depth of petals and queenliness in shape; grows well and is healthy. The best white Rose for general purposes grown. Price, 6 cents each, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

La France.

We have always given this the first place—the Queen of Roses. Accounts come to us from all quarters every year describing the great profusion of its bloom from June until frost, and extolling its fragrance and immense size. It is of superb form, and double as a Rose can be. No variety can surpass it in delicate coloring—silvery rose shades, with pink. It has a satin sheen over all its petals. It is most universally regarded as the most useful of Roses, for it is hardy beyond question. It blooms continuously. The flower is large, finely built, endures for a great length of time, is exquisitely colored and fragrant in the highest degree. Price, 50 cents per dozen, \$4.00 per 100; 4-inch, \$8.00 per 100.

Striped La France.

(Madame Angelique Veysset.)

Everybody knows the beautiful La France—a Rose that has always had such a ready sale that the demand has never been fully met. Striped La France combines all the good qualities of La France in growth, fragrance, shape of bud and flower; it is nicely striped, the markings being plain and distinct, the variegation a beautiful bright rose on a satin-pink ground. Price, 50 cents per dozen, \$4.00 per 100; 4-inch, \$8.00 per 100.

White La France.

(Augustine Guinnoiseau.)

Here we have a beauty indeed, one we recommend to all, whether for outdoor culture or for pots in the house in winter. If you were to ask us to select six of the very finest Roses for you, we should be sure to include it in the six. Do you know La France? If so, you know this elegant new Rose. It is identical with La France, except the color. It is pearly-white, sometimes tinted with fawn. We predict for it far more popularity than La France ever attained. Don't fail to get this new Rose. Price, 50 cents per dozen, \$4.00 per 100; 4-inch, \$8.00 per 100.

The Superb Yellow Rose, MARECHAL NIEL.

The most popular of all. A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over; they illustrate the globular form in its last perfection, and are almost massive in dimensions. The reports from Southern growers tell of single plants showing one and two thousand blooms of Marechal Niel at a time. It is almost universally held to be the finest climber for indoors or out, where the climate admits of its cultivation. Price, 50 cents per dozen, \$3.00 per 100; 3½-inch, \$3.00.

The Beautiful White MARECHAL NIEL.

The fame of Marechal Niel, with its large, deep, golden-yellow flowers, is so world-wide that nothing further need be said of this new variety to make it instantly popular than that it is the exact counterpart in every respect of Marechal Niel, its parent, save the color of flower, which is pure white, totally distinct. Price, 75 cents per dozen, \$6.00 per 100.

The Wonderful Red Marechal Niel.

For years we have had the much-admired and ever-popular Yellow Marechal Niel, and recently to it was added the White Marechal Niel. But now, to cap the climax, that famous German Rosarian, Peter Lambert, has brought out the Red Marechal Niel, a fitting companion to the other two and completing a most desirable trio. The Red Marechal Niel is the result of a cross between the ever-gorgeous Gen. Jacqueminot and the Yellow Marechal Niel. Flowers are large, well-shaped, full, and of the form of Yellow Marechal Niel in the bud and open flower; color carmine red, shading to pink; fragrance delightful. Very strong grower, though not so rampant as the Yellow Marechal Niel. Price, 60 cents per doz.; \$5.00 per 100.

New Rose, Mrs. Robert Garrett.

A magnificent new Rose originated by John Cook. The size is enormous; indeed, the flowers are larger than any Tea Rose we have ever seen, while the form, both in bud and full blown flower, is most artistic and beautiful. The buds are unusually long and pointed; the open flowers full and double. The color is a pleasing soft pink, a little deeper than Day-break Carnation, totally distinct and unlike anything yet seen in Roses. It is a strong, vigorous grower, producing its flowers on long, stiff stems. We regard this as one of the great new Roses, which will attain instant popularity as soon as its merits become known. Price, 75 cents per dozen, \$5.00 per 100.

New Hybrid Tea Rose, President Carnot.

It is a Rose of the largest size, beautiful both in bud and open flower. The color is distinct and novel, a lovely fawn, shading to pearl. It often measures 5 to 6 inches in diameter. We have no hesitancy in saying that this charming Rose will become as popular as La France, as it has all the good qualities of that Rose, and at the same time is distinct in every feature. Price, 50 cents per dozen; \$4.00 per 100.

New Tea Rose, Muriel Graham.

This superb Rose is from that favorite variety Catherine Mermet, and is perfectly distinct in color from anything extant, which is a pale cream, faintly blushed rose. The habit of growth is similar to its parent. Sent out by Alexander & Sons, Belfast, Ireland, who consider it one of their best introductions. Well worth our best recommendation. Price, 60 cents per dozen, \$3.00 per 100.

Souv. De La Malmaison.

This grand old variety, when used as a bedding Rose in Summer, has no equal, as it produces the most perfect flowers in the hottest weather. Its rich, flesh-colored flowers are of immense size, are produced in abundance, and have the requisite form and substance to withstand our hot, dry Summers. Price, 50 cents per dozen, \$4.00 per 100; 4-inch, \$6.00 per 100.

New Rose, The Rainbow.

This new Rose from California was awarded a silver cup by the State Floral Society. Color a lovely shade of deep coral-pink, striped mottled in most unique manner with immense carmine, elegantly colored with rich golden-amber at the center of base of petals; makes beautiful buds; flowers extra large, sweet and of great depth and substance. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

New Tea Rose, Enchantress.

This is beyond question one of the best of recent European introductions. We have given it a trial, and find it to be of unusual merit. It blooms with astonishing freedom, bearing its large, globular flowers in immense clusters; it is as free blooming as any Rose in our collection. The color is creamy-white, slightly tinged with buff in the center; vigorous growth; fine foliage and highly valuable, both in pots for late Autumn and Winter blooming as well as for general planting in the open ground during Summer. Price, 50 cents per dozen; \$3.00 per 100.

Tea Rose, Cornelia Cook.

Old favorite. The buds are of immense size, borne up high on massive stems, and with their round, full, heavy form, carry an air of grace and dignity quite unusual. The flowers are of the clearest snowiest white. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

New Tea Rose, Maurice Rouvier.

Flowers of enormous size and quite double; splendid form; color a soft tender rose, shaded and variegated with red. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

Madame Welche.

An extra fine variety, very large, double and of beautiful rounded form, a soft, pale yellow, sometimes cream, with short, inner petals of glowing orange and copper. Not to be forgotten if once seen. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

Inconstant Beauty.

The Rose of many colors—from yellow to crimson. A plant of this beautiful Rose, when in full bloom, presents a sight that is at once novel and pleasing. The buds and flowers are large, delightfully fragrant, and, as may be imagined, are exquisitely beautiful. It is a Tea Rose, and is, therefore, a constant bloomer. Its fragrance is delicious, and it being a vigorous grower makes it valuable for garden culture. Price, 50 cents per dozen, \$4.00 per 100; 4-inch, \$8.00 per 100.

Isabella Sprunt.

A bright canary-yellow, large, beautiful buds, suitable for cut flowers, a very sweet Tea scent, profuse bloomer. It is no doubt the freest blooming of all yellow Roses. This variety has been a favorite, in all gardens where good yellow Roses are planted, for the past twenty years. There are none better. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

MURIEL GRAHAM.

Madame Abel Chatenay, Forcing Rose.

This is a wonderfully strong, healthy growing variety, with rich, bright foliage. A grand bedding Rose, as it is a profuse and continuous bloomer. Flowers large and full, petals recurved and of a beautiful creamy-rose, shaded with rose-vermilion and tinged with salmon; the base of the petals is very highly colored, being a combination of the foregoing shades, strongly accentuated. This will undoubtedly make a fine garden Rose, because of its substance and hardiness. The flowers are borne on long stems, so that it is exceedingly well adapted for vases of cut flowers. Price, 50 cents per dozen, \$4.00 per 100.

Marie Van Houtte.

Of a fine, faultless, straw-yellow color, with the outer petals washed and outlined with a bright rosy-crimson; occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms profusely, and is most deliciously scented; in cold weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose. Price, 50c per doz., \$3.00 per 100; 4-inch, \$6.00 per 100.

New Tea Rose, Gen. Robt. E. Lee.

(Introducers' description.) This is the first Rose we have introduced, and we are sure it will please all who try it. It is in color an orange-yellow, after the color of La Capucine, only richer and better. It is a good grower, has elegant, long buds, borne on long stems, and will produce more buds than any other Rose we know of. It forces easily, being at its best in mid-Winter. Price, 6 cents each, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

New Crimson Tea Rose, Christine de Noe.

This beautiful new red Tea is a very charming Rose, and promises to be one of the best of recent introduction. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one seems exceptionally fine. It is a splendid grower, making a large-sized, graceful bush, with bright deep green foliage; a constant and very free bloomer; the flowers are well borne upon strong stems, and are unusually strong and handsome; the buds are long and finely pointed, and the color, rich maroon, or deep purplish-red, passing to lake, center sometimes streaked with silvery-white. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

HELENA GAMBIER.

New Tea Rose, Madame Eli Lambert.

A beautiful new Tea Rose. Color is somewhat in the way of Madame de Watteville, but deeper, rich, creamy white, faintly tinted with pale, golden yellow, and exquisitely bordered and shaded with soft, rosy flesh, exceedingly beautiful and very sweet, petals large and of good substance, constant and profuse bloomer, strong, vigorous and healthy grower—in short, a magnificent Rose in every way. Price, 50 cents per dozen, \$4.00 per 100; 4-inch, \$6.00 per 100.

The Fine Ever-Blooming Marie Lambert, or White Hermosa.

Pure white. It has been called the White Hermosa, as it resembles Hermosa in form and freedom of bloom, and is quite as valuable; for, though no claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular white variety for bedding or for pots. This Rose is fast becoming popular, as there is no better white Rose. It is the finest blooming white Rose we offer. Price, 6 cents each, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

The Old Ever-Blooming Rose, Hermosa.

We believe the Hermosa is the best known in the entire Rose family, and a universal favorite. Hardy as a lilac bush and as free-flowering as the Geranium; it combines everything most desirable in a rose. The flower is cupped, finely formed and full, color most pleasing shade of pink, soft but deep, very fragrant. Price, 50 cents per dozen, \$4.00 per 100; 4-inch, \$8.00 per 100.

New Tea Rose, The Queen.

A most charming Tea Rose. The offspring of that fine old Rose, Souvenir d'un Amie, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely formed buds; is quite full, showing the center but slightly. Price, 6 cents each, 50 cents per dozen, \$4.00 per 100; 4-inch, \$6.00 per 100.

New Tea Rose, Mme. Schwaller.

Like Puritan, this Rose has the strong, firm growth of the Hybrid Perpetuals, the same form and finish of flowers, being especially beautiful when full blown. It is very free in bloom, and has the fragrance of the old June Roses. The color is a bright rosy flesh, paler at the base of the petals, and deepening at the edge. Apt to come in clusters, which are excellent for cutting. A Rose from which we hear very flattering reports from all directions. This grand Rose has more perfume than any that we offer. Try it, it is magnificent. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

New Tea Rose, Helena Gambier.

Of medium size, very full and of varying colors, from salmon rose to coppery rose, often of a handsome saffron hue, becoming lighter as the flowers open. A fine sort. Price, 50 cents per dozen; \$3.00 per 100.

Madame de Watteville.

This grand new ever-blooming Rose is one of the most beautiful varieties we have ever sent out, and is very largely planted by those who know its beauty. The color is a remarkable shade of creamy yellow, richly covered with rosy blush. The petals are large and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full, and highly perfumed. This is the Tulip Rose, so called because of the feathery shading of bright rose around the edge of every petal, the body of the petal being creamy-white and of heavy texture. Price, 6 cents each, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

Crimson Rose, Princess Sagan.

Flowers of this variety are the richest crimson of any Rose in our vast collection. A single bud or blossom will catch the eye at a great distance, so brilliant is the color. Indeed it is unmatched in its velvety richness; could well be termed "The Velvet Rose." It is as free in blooming as Ben Silene. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

The Beautiful Rose, Pernet's Triumph.

It has received the commendation of the highest European authorities, and as far as we can judge it is well worthy of them, and promises to be one of the very finest of the Hybrid Tea class. The flowers are extra large, having broad, thick petals and long, tapering buds, with delicious Tea fragrance. Color a fine, clear magenta red, sometimes passing to a bright crimson. Price, 50 cents per dozen, \$4.00 per 100; 4-inch, \$6.00 per 100.

New Tea Rose, Coquette de Lyon.

No Rose like it for freedom of bloom. The plant is a fine grower and carries numbers of flowers on every shoot. A fine yellow Rose, large, not at all formal, very attractive. Called the Yellow Hermosa from its free flowering character. Price, 6 cents each, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

New Tea Rose, J. B. Varrone.

A fine grower, flowers very large and double, with high center, opening from long buds. Color a soft China rose, changing to bright, deep carmine of even shading. An extra good Rose and very sweet. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

Tea Rose, Professor Caniviat.

Vigorous in growth and free in bloom. Flower double and of good form, of the color of Souvenir Therese Level. Price, 6 cents each; 50 cents per dozen; \$3.00 per 100.

Tea Rose, Henry M. Stanley.

The color is a rare shade of amber rose, delicately tinged with apricot-yellow towards the center. Reverse of petals clear buff-rose. The flowers are of good substance, extra large, finely formed, and very full and fragrant. Price, 6 cents each; 60 cents per dozen; \$3.00 per 100.

Duchess de Brabant.

A bright China Rose, with coppery yellow center, ends of petals suffused with carmine. A charming, beautiful combination of coloring, as each color blends nicely with the other. This variety ranks with the best, and is a Rose of decided merit. Free bloomer, and in size and length of buds equal to the best Teas. Price, 50 cents per dozen; \$3.00 per 100.

The Beautiful New Rose, Maid of Honor.

This grand sport from Bridesmaid originated with the Hoffmeisters of Ohio. Its color is a rich, glowing pink, darker than Bridesmaid; it is an excellent keeper, it is a most prolific bloomer. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

Tea Rose, Vicomtesse de Wautier.

Rosy yellow upon the exterior of the petals, rosy white in interior. The center is a dark rose, and this color is often lined into the lighter shades above, producing a charming effect. A grand Rose. Price, 6 cents each; 50 cents per dozen; \$3.00 per 100.

*The Famous New Hardy
Climbing Rose,*

Crimson Rambler.

The plant is of a very vigorous growth, making shoots from eight to ten feet during the season, rendering it a charming pillar rose. It is also magnificent in bush form, and for covering buildings, trellises, etc., it cannot be excelled. One of the striking characteristics of this rose is its remarkable color, which is of the brightest crimson, which remains undimmed in the end, showing none of the objectionable purplish tint so common in crimson roses. The flowers are produced in great pyramidal panicles, or trusses, each carrying from thirty to forty blooms, the individual flowers measuring about one to one and a half inches in diameter and remaining perfect on the plant for upwards of two weeks with their freshness of color unimpaired. The foliage is a bright green and glossy, and contrasts finely with the bright crimson of the flowers. It is said to be exceedingly hardy, having successfully withstood the tests in exposed situations of two very severe winters in England. It is hardy in every latitude yet tried as far north as the lakes. As a decorative pot plant it cannot be excelled. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

Yellow Rambler, Aglaia.

The color is a decided yellow. Many Roses which are described as yellow have really only a creamy tinge, but the Yellow Rambler is clear, decided yellow. The flowers are very sweet scented; habit of growth is very vigorous, well-established plants often making shoots of from eight to ten feet in height in a single season. The plants do not bloom at quite so early an age as the Crimson Rambler, but as soon as well established they more than make up for this by the magnificence of the flowers they produce. Price, 50 cents per dozen, \$3.00 per 100.

The Fine New Climber, Climbing White Pet.

This is an unusually vigorous grower and a wonderfully profuse bloomer. It is remarkable for the rapidity of its growth and freedom of bloom. The flowers are very double and full, of medium size, pure, snowy white, and borne in large clusters, continuously throughout the whole season. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

New Scarlet Rose, Climbing Wooton.

The flowers are large and of a beautiful velvety-red color, and the perfume is elegant. Whether open, half open or in bud, the flowers are of fine shape. The flowers are borne at the terminus of long shoots, which render them especially good for cutting, much better, in fact, than the flowers of its parent, Souvenir de Wooton. There is always a demand for a good, hardy Climbing Tea, inasmuch as there are exceedingly few to be had. This Rose we believe to possess a very considerable degree of hardiness, and should, with protection, stand the Winter almost anywhere. Price, 50 cents per dozen, \$4.00 per 100; 4-inch, \$6.00 per 100.

The New Climbing Rose, Empress of China.

Color shell pink. It is perfectly hardy, and is a continuous grower. Price, 50 cents per dozen; \$3.00 per 100.

Hardy Ever-Blooming Rose, Mrs. DeGraw.

Everyone wants a hardy, ever-blooming Rose. From early Summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich glossy pink, delightfully fragrant, and is such a strong, vigorous grower that it is almost impregnable against attacks of the insects which usually destroy some of our finest Roses. A Royal Rose. It is a wonderfully prolific blooming variety. Price, 50 cents per dozen, \$4.00 per 100; 4-inch, \$6.00 per 100.

The Burbank Rose.

A perfectly hardy, free-flowering, ever-blooming Rose, raised by Mr. Luther Burbank, known the world over as the "Wizard of Horticulture." The only Rose which he was willing should bear his name. The Burbank is without exception the freest-flowering Rose in cultivation. Price, 50 cents per dozen, \$4.00 per 100; 4-inch, \$6.00 per 100.

CRIMSON RAMBLER.

Clothilde Soupert, the Best Market Pot Rose.

It is a strong, vigorous grower. The flowers are large, double, beautiful in form, with the style of the beautiful Rose, "Ball of Snow." The flowers are borne in sprays and the color blends from a soft shell pink to a pure satiny white Rose; while both of these colors are produced on the same plant at the same time. This Rose is destined to take high rank as a pot Rose, for bedding purposes, and with the increased taste for Roses in clustered sprays, will be profitable as a cut flower. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

Mosella, the Yellow Soupert.

This splendid novelty is almost identical with that of the original Soupert. It blooms in profuse clusters of three to five flowers, which are very double, ball shaped and open like a Camellia flower. The petals are tinted white, on beautiful light yellow ground extending to the middle of the petals. The plant is dwarf, bushy and free blooming. It is sure to be a popular companion to the original Clothilde Soupert. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

The Beautiful Pink Soupert.

This bright new Rose is a very free flowering variety, much resembling Hermosa, but more double and flowering more freely. The flowers are not quite so large, full and handsome as our original Soupert, but fill a place because of their brightness and freedom. The habit of the plant is almost identical with C. Soupert. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

Leonie Osterrieth, or White Soupert.

We have given this Rose an extended trial and believe there is no better white Rose grown. The buds are of a good size and flower full and double, and deliciously fragrant. Pure porcelain white, with deep center. In freedom of bloom this charming variety rivals the Polyanthus. Price, 50 cents per dozen, \$3.00 per 100; 4-inch, \$6.00 per 100.

Hardy Roses. Hybrid Perpetuals.

(1) Giant of Battles.

In this hardy Rose the color is a most intense, glowing red, makes the curling, velvety petals fascinating beyond description. The flowers are very large, perfectly double, and freely borne on long, strong stems, which point gives them a superb prominence either growing on the bushes or cut for decorative purposes. The habit of growth is vigorous and upright, with particularly handsome and massive foliage. Price, 50 cents per dozen; \$4.00 per 100.

(2) Madame Alfred de Rougemont.

A strong, vigorous grower, begins to bloom at once and continues until stopped by severe freezing. Pure snow-white flowers, finely tinged and clouded with pale rosy-blush. Large, full and double, and borne in large clusters; fragrant and good. Price, 50 cents per dozen; \$4.00 per 100.

(3) Ball of Snow.

In the "Ball of Snow" we have a Rose of large size, which is perfectly double, exquisitely fragrant, pure white color and entirely hardy. It is invaluable for cemetery or other planting where white flowers are desired. Price, 50 cents per dozen, \$4.00 per 100.

(4) Gloire Lyonnaise.

This is one of the finest of all the hardy Roses. The flowers are very large, finely formed and perfectly double; color pure white with a delicate shade of light yellow. Price, 50 cents per dozen; \$4.00 per 100.

(5) The Fine Hardy Crimson Rose, Souvenir de Charles Montault.

The buds are solid and beautifully formed, the petals close upon each other in folds of deep carmine-crimson, shaded with velvety maroon; in the open flower they are regularly and elegantly reflexed almost to the center. A rich, glowing flower, double and perfect to the last, even when it is fully expanded. The crimson lessens in intensity somewhat as the Rose opens, and shows touches of vermillion in the center; at night it lights up wonderfully. Price, 50 cents per dozen; \$4.00 per 100.

The Best Cemetery Rose, Mad. Plantier.

Not a true Hybrid Perpetual. Bloom only in the spring, but at that time is literally covered with pure white, perfectly double, fragrant flowers, which hang on for a long time. Makes large, dense bushes. As hardy as an oak. A beautiful cemetery Rose. Price, 50 cents per dozen, \$4.00 per 100.

Prince Camille de Rohan.

Very dark, rich, velvety crimson, passing to intense maroon, shaded black. Large, full flowers, looking, at a little distance, as if really black. One of the darkest roses; very handsome. Price, 50 cents per dozen; \$4.00 per 100.

One of the Best Pure White Hardy Roses, Coquette des Blanches.

A finely formed, pure white Rose, occasionally shows light flesh when first opening; beautiful shell-shaped petals, evenly arranged. Flowers of good size, perfect, and of fine form and finish. One of the finest, freest and most beautiful of the white hybrids. Very suitable for cemetery planting. Price, 50 cents per dozen; \$4.00 per 100.
